

Farm World Story Starter

Schleich 

Farm World is the story of farmer Paul and his family enjoying life on their farm. The farmer begins every day by tending to his animals very early in the morning. His day starts in the red barn, where he has to feed the animals, muck out their stalls and put down new straw. The Black Angus bulls are allowed out onto the pasture first, followed by the Holstein cow and Texas longhorn cow. The farmer's children, Ben and Sarah, love to play in their Treehouse. Ben enjoys watching the animals in the pasture from the viewing platform, while Sarah zips down the slide. Their three puppies romp around in the Puppy Pen, and are loved by the whole family.

Oh no! Ben is stuck in the treehouse! What happened!? Can you help him?
