Schleich 

Horse Club is the story of four best friends (Hannah, Sofia, Lisa and Sarah). These four girls all love horses and each one of them has their own horse. They all live in a beautiful little village called Lakeside. Hannah lives in a large house (Large Stable with House and Stable) where the girls like to hang out together. The house has a horse stable beside it, and plenty of room to ride their beautiful horses. The girls like to meet in their secret Caravan clubhouse. This is a safe place for them to hold meetings for their Horse Club, and to plan their adventures together.

Hang on, I think a meeting is starting! It's about the tournament. What types of tricks do they need to practice in order to win first place?
